MOUNT COOK ACCESS STATEMENT

Introduction

Mount Cook is a purpose built Adventure Centre; we strive to provide access to the outdoors for all. We offer a safe, friendly, and supportive environment for all guests. The ground floor is accessible by wheelchair. Access to the First Floor is by staircase only.

Arrival and Parking

Cars and minibuses can drive up and park next to the main entrance. This area is paved and suitable for wheelchairs. Our main entrance has automatic double doors and leads straight into our main dining hall.

Communal Spaces

Our Small Hall is located on the ground floor and is fully accessible by wheelchair. Our Tipi is located just outside of the main entrance and has a sloped lip/step at the entrance.

Communal Bathrooms

We have a disabled access bathroom just off the corridor to the main dining hall, this is a wet room complete with shower and folding seat; toilet designed for disabled use with side rails and a low-level basin with lever tap.

Bedrooms

Mount Cook has two disabled access bedrooms located on the ground floor, these have a double bed on the bottom bunk and single bed on top. Each of these rooms are complete with an ensuite wet room (as specified above). Unfortunately, our glamping pods are not suitable for wheelchair users.

Our Grounds and the Surrounding Area

Our site has some loose gravel tracks and uneven ground in the woodland areas.

The High Peak Trail is accessible from our centre and offers access to Black Rocks and Cromford Moor, the surface also has loose gravel so may not be suitable for all wheelchairs.

Paratrekker

Mount Cook has a [Paratrekker](#) (all-terrain wheelchair) which can be used by guests to access the grounds and surrounding area if their own wheelchair is not suitable.

For more information, please see our [accessibility guide](#).

For any enquiries regarding accessibility please contact us: 01629 823702 or explore@mountcook.uk
