PUSHING BOUNDARIES. OPENING MINDS

Mount Cook

Welcome to Mount Cook

Time to get back to the great outdoors

"Mount Cook Adventure centre offers a distinctive approach which is of value to both formal and non-formal education. We offer young people first hand experiences and can therefore unlock a range of skills and understanding not always achieved in more formal settings such as schools or colleges. Given the necessary arrangements over the last two academic years it is more important than ever to reconnect your young people with themselves and their environment."
